DETAILED ACTION

1. Applicant's response of 8/29/05 has been fully considered in preparing this Office Action.

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1, 2, 4, 6-7 and 9 are rejected under 35 U.S.C. 102(e) as being anticipated by Miyamoto et al.

The rationale provided in the prior Office Action continues to apply to the above claims, however, the amended claims further require "said direction of motion of said character in said second scene being maintained for as long said operation instruction is maintained by said user". Miyamoto et al. teach this at figure 6 items 403 and 45, and at column 47 line 15 to column 48 line 8.

4. Claims 3, 5, 8 and 10-13 are rejected under 35 U.S.C. 103(a) as being unpatentable over Miyamoto.

The rationale provided in the prior Office Action continues to apply to the above claims, however, the amended claims further require "wherein said second computation step and said image drawing step are repeated for as long as said operation instruction

is maintained by said user". Miyamoto et al. teach this at figure 6 items 403 and 45, and at column 47 line 15 to column 48 line 8.

5. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
